

The Newfoundland and Labrador Credit and Program/Block Transfer Guide
Department of Advanced Education, Skills and Labour
2017 - 2018

The arrangements for transfer of credit recorded in this Transfer Guide apply to courses or programs taken during the current academic year (September 1 to August 31). Credit for courses or programs taken previously is normally governed by the appropriate Transfer Guide for the year in which courses were taken.

DISCLAIMER: Every reasonable effort is made to keep this information accurate and current. All final decisions regarding the transferability of courses or programs should be confirmed with the institutions involved.

Introduction

The Transfer Guide is made available with assistance from Memorial University, including Grenfell Campus and the Marine Institute, College of the North Atlantic, the Department of Advanced Education, Skills and Labour, and the Department of Education and Early Childhood Development. The Transfer Guide is designed as a guidance tool to be used in conjunction with other post-secondary education and training planning resources. The Transfer Guide lists established transfer of credit precedents available to students in Newfoundland and Labrador.

The arrangements for transfer of credit recorded in this Transfer Guide apply to courses or programs taken during the current academic year (September 1 to August 31). Credit for courses or programs taken previously is normally governed by the appropriate Transfer Guide for the year in which courses were taken. Students who have interrupted their studies or spread them over a longer period of time should seek advice from the institution which the student wishes to enter to determine the current status of transfer arrangements.

Registrars, guidance counselors, high school teachers, instructors and students at the secondary and post-secondary levels will find the Transfer Guide to be an important and relevant reference source to inform and assist in matters relating to the transfer of credit from one institution to another within the provincial public post-secondary system. To view or for a printable version of the Transfer Guide, including access to the Online Transfer Guide Database, go to: <http://www.gov.nl.ca/aesl>.

If you have any comments, suggestions or inquiries concerning this or future versions, please contact the Department of Advanced Education, Skills and Labour at:

How to Use the Transfer Guide

To use the Transfer Guide refer to the information below:

Section One: provides an overview of the public post-secondary system in the province.

Section Two: provides access as well as information on how to use the online Transfer Guide database, and lists credit transfer arrangements on a sending institution basis. Because transfer agreements between the public post-secondary institutions are not necessarily two-way, the tables in section two are to be read from sending to receiving institution only.

Example one: A student has successfully completed some courses at College of the North Atlantic and wishes to find out if they can transfer any of those credits to Memorial University. In this case, College of the North Atlantic is the sending institution and Memorial University is the receiving institution.

Here's how to find out if there are any credit transfer possibilities:

- ☞ Go to **Section 2.1.1** where College of the North Atlantic is the sending institution.
- ☞ Look to see if any courses successfully completed are listed in the sending column.
- ☞ If so, go across to where Memorial University is the receiving institution and the corresponding course to which credit transfer is granted.

Example two:

A student has successfully completed some courses at Memorial University and wishes to find out if they can transfer any of those credits to College of the North Atlantic. In this case, the university is the sending institution and College of North Atlantic is the receiving institution.

Here's how to find out if there are any credit transfer possibilities:

- ☞ Go to **Section 2.1.4** where Memorial University is the sending institution.
- ☞ Look to see if courses successfully completed are listed in the sending column.
- ☞ If so, go across to where College of the North Atlantic is the receiving institution and the corresponding course to which credit transfer is granted.
- ☞ For more information refer to **Section 2.1**.

IMPORTANT NOTE: The courses listed in section 2.1 are not necessarily available at all university and college campuses. Please consult the appropriate institutional calendar for more information.

Section Three: provides a listing of groups of courses which are transferable as a block to other post-secondary institutions.

Section Four: provides transfer of credit information for three programs linked to high school: the Advanced Placement program, the International Baccalaureate program, and the Adult Basic Education program.

Section Five: provides an explanation of terms related to credit transfer.

Section Six: provides a brief description of the admission requirements and transfer policies of each public post-secondary institution.

It should be noted that:

1. The Transfer Guide identifies where special transfer agreements exist for *similar* courses.
2. The Transfer Guide indicates the *minimum* transfer of credit which is available for prior post-secondary educational experience upon admission to another post-secondary institution. Additional transfer of credit may be available on an individual basis.
3. The tables in **Section Two** are to be read from sending institution to receiving institution *only*. Transfer agreements are not necessarily two-way.
4. The information in this Transfer Guide is the most recent at the time it is available. However, due to ongoing negotiations between institutions, there may be instances where information is not up to date. Should questions arise, the user is encouraged to reference institutional calendars and consult with Registrar/Student Service offices.
5. Transfer is sometimes possible for courses or programs not contained in this Transfer Guide. Such arrangements are generally considered on an individual basis. Students seeking special consideration are advised to consult the Registrar/Student Service Offices at both the sending and receiving institutions.

6. Where no entry or a blank space appears in the receiving institution column of the course-by-course tables in **Section Two** of the guide, this indicates that no formal transfer arrangement or established precedent has been identified between the sending and receiving institution at the time of posting.

1.2 College of the North Atlantic

College of the North Atlantic is governed by a single provincial board and administered by a main executive office with 17 campus locations throughout the province.

The Comprehensive Arts and Science Transfer (CAS Transfer: College-University) program is a certificate program offered at the Burin, Carbonear, Grand Falls-Windsor, Happy Valley-Goose Bay and Labrador West campuses. The program has been developed through an agreement with Memorial University. It provides the opportunity to complete a suite of courses for which to gain credit from the College as well as from Memorial University. For more information please refer to **Section 2.1.2**.

College of the North Atlantic is responsible for delivering educational services throughout the province. These include:

1. two and three-year programs leading to a diploma;
2. one-year post-graduate programs leading to an advanced diploma;
3. full-time, occupational courses leading to a certificate;
4. academic upgrading programs;
5. career enhancement and personal development programs;
6. courses conducted in formal institutional settings, and courses delivered in communities to meet local needs;
7. various skills training programs funded by Service Canada;
8. applied research and technology transfer;
9. courses conducted in partnership with other institutions such as Memorial University, the Marine Institute, community agencies, and the private sector;
10. the Office of Distributed Learning (DL) provides web-based online access to College credit courses as well as certificate and diploma programs;
11. special interest, hobby and craft courses on evening, part-time, workshop basis.

1.3 Memorial University

Memorial University is the province's only university comprising of the **St. John's campus**, **Marine Institute** located in St. John's, **Grenfell Campus** located in Corner Brook, and a residential campus in **Harlow, England**. Founded in 1925, Memorial University College was established to honour Newfoundland soldiers who died in the First World War. The College became a full-fledged university 24 years later. Today, Memorial University educates students at the undergraduate and graduate levels.

The university has six faculties, nine schools, and one institute offering degrees at various levels:

Faculties:

- Business Administration
- Education
- Engineering and Applied Science
- Humanities and Social Sciences
- Medicine
- Science

Schools:

- Arts and Social Science (Grenfell Campus)
- Fine Arts (Grenfell Campus)
- Graduate Studies
- Music
- Nursing
- Pharmacy
- Human Kinetics and Recreation
- Science and the Environment (Grenfell Campus)
- Social Work

Institute:

- Marine Institute
 - School of Fisheries
 - School of Maritime Studies
 - School of Ocean Technology

Memorial's Campuses:

The **St. John's campus** of Memorial University is the largest campus where students may pursue studies in six faculties - Business Administration, Education, Engineering and Applied Science, Humanities and Social Sciences, Medicine and Science as well as six schools - Graduate Studies, Human Kinetics and Recreation, Music, Nursing, Pharmacy and Social Work.

The **Marine Institute**, also located in St. John's, offers degree, diploma, certificate and other programs in the areas of fisheries and marine science and technology, including Canada's only degree program in maritime studies.

Grenfell Campus, located in Corner Brook, offers a variety of four-year undergraduate degree programs in Arts (english, environmental studies, historical studies, humanities, psychology, social/cultural studies and tourism studies), Business, Education (primary/elementary as a second degree), Fine Arts (theatre, visual arts), Nursing, Resource Management (sustainable resource management) and Science (environmental science {biology or chemistry}, computational mathematics, general science, physics, psychology). The campus is now offering two graduate programs.

Memorial's campus in **Harlow, England** hosts co-op students in Business and Engineering, and Education students during the professional year of their program. Specialized programs are also offered for students in nursing, humanities and social sciences. Memorial University also has 'study abroad' programs in Saint Pierre et Miquelon, Europe, and formal exchange programs with universities in Canada and abroad.

A variety of credit and non-credit courses are available from Memorial using online techniques and technology. For information on Memorial's online education courses, please contact the Centre for Innovation in Teaching and Learning at (709) 864-8700 or 1-866-435-1396 (outside St. John's).

Bachelor of Nursing (Collaborative) Program:

The Bachelor of Nursing (Collaborative) program is offered at three sites: Memorial University School of Nursing (St. John's), the Centre for Nursing Studies (St. John's), and Western Regional School of Nursing (Corner Brook). The Centre for Nursing Studies and the Western Regional School of Nursing offer other programs in addition to the Bachelor of Nursing (Collaborative) program. For further information regarding the Bachelor of Nursing (Collaborative) program, please contact the Nursing Consortium Office:

Email: nursingadmissions@mun.ca

Phone: (709) 777-7039

1.4 Apprenticeship Training

Apprenticeship training involves on-the-job training under the supervision of a certified journey person, and periods of classroom training to learn the technical knowledge required to become competent in an occupation. The number and the length of on-the-job and classroom technical training periods vary depending upon the occupation. When training in an occupation through the apprenticeship system, the individual becomes an apprentice by having an Apprenticeship Memorandum of Understanding registered with the Apprenticeship and Trades Certification Division, Department of Advanced Education, Skills and Labour. For more information on apprenticeship training, please contact the Apprenticeship and Trades Certification Division at: (709) 729-2729, 1-877-771-3737, email: app@gov.nl.ca or visit the Department of Advanced Education, Skills and Labour website at: <http://www.gov.nl.ca/aesl>.

1.5 Private Training Institutions

A list of private institutions can be obtained by contacting the Literacy and Institutional Services Division, Department of Advanced Education, Skills and Labour at (709) 729-3100, or on the Department of Advanced Education, Skills and Labour website: <http://www.gov.nl.ca/aesl>.

1.6 Adult Basic Education (ABE) Program

In Newfoundland and Labrador, one way to achieve high school equivalency is completing the Adult Basic Education (ABE) program. The ABE program consists of three levels: Level I refers to basic literacy and numeracy skills; Level II provides transitional skills similar to public school grades 7-9; and Level III corresponds to grades 10-12 and requires the completion of a minimum of 36 credits in order to graduate. ABE is delivered using provincially-developed curriculum and is a predominantly individualized, classroom-based program. ABE is offered in a variety of formats including full-time, part-time and online (Level I only). The ABE program is delivered by community-based organizations and private institutions. For more information on the ABE program, visit the Department of Advanced Education, Skills and Labour website at: <http://www.gov.nl.ca/aesl>.

Section 2: Transfer of Credit Arrangements by Sending Institution

2.1 Course-by-Course Transfer of Credit Arrangements between Public Post Secondary Institutions

The transfer arrangements in **Section Two** apply to courses or programs taken during this academic year (September 1 to August 31). Credit for courses taken previously is normally governed by the appropriate Transfer Guide for the year in which courses were taken. Students who have interrupted their studies or spread them out over a longer period of time should seek advice from the institution which the student wishes to enter to determine the current status of transfer arrangements. The tables in **Section Two** are to be read from sending to receiving institution only. Transfers are not necessarily two-way, for example:

Sending Institution	Receiving Institution	
College of the North Atlantic	Marine Institute	Memorial University (St. John's/Grenfell Campuses)
Statistics MA1670	Statistics 2107M, Statistics 2108M	Statistics 2500

Here is how this table is read, from sending to receiving:

☞ A student who has successfully completed Statistics MA1670 at College of the North Atlantic will receive credit for Statistics 2107M, Statistics 2108M at Marine Institute or Statistics 2500 at Memorial University.

This does not necessarily mean that:

☞ A student who has successfully completed Statistics 2107M, Statistics 2108M at Marine Institute or Statistics 2500 at Memorial University will receive credit for Statistics MA1670 at College of the North Atlantic.

In order to determine if the reverse is true, go to **Section 2.1.3** where Marine Institute is the sending institution and to **Section 2.1.4** where Memorial University is the sending institution, and look across to see if there is any corresponding credit transfer at College of the North Atlantic (the receiving institution).

Note: The courses listed in the following tables are not necessarily available at all university and college campuses. Please consult the appropriate institutional calendar for more information.

These tables are to be read from sending to receiving institution *only*. See example in Section 2.1. Transfers are not necessarily two-way.

2.1.2 Comprehensive Arts and Science Transfer: College – University Credit Transfer Agreements

The Comprehensive Arts and Science Transfer (CAS Transfer: College-University) program is a certificate program offered at the Burin, Carbonear, Grand Falls-Windsor, Happy Valley-Goose Bay and Labrador West campuses of College of the North Atlantic. The program has been developed through an agreement with Memorial University. It provides students with the opportunity to complete a suite of courses for which they will gain credit from College of the North Atlantic as well as from Memorial University. The following table provides a list of the College courses within the program that are transferable to Memorial University and constitute the equivalent of a first year of university studies. For more information on the program and its courses, please contact College of the North Atlantic at: 1-888-982-2268 or go to the College's website at: www.cna.nl.ca.

Note: In areas of curriculum content and testing methodologies, these courses are identical to Memorial's.

2.2 Credit Transfer Involving Other Agencies and Organizations

The following tables provide information on the exemption policies and/or credit transfer arrangements extended to provincial public post-secondary institutions by other agencies and organizations.

2.2.1 Apprenticeship and Trades Certification Division, Department of Advanced Education, Skills and Labour

The Department of Advanced Education, Skills and Labour through its Apprenticeship and Trades Certification Division is responsible for the registration of apprentices in Newfoundland and Labrador. Course credits will be awarded to apprentices registered in a program offered at a recognized training institution. For more information on apprenticeship training, please contact:

2.2.2 Chartered Professional Accountant (CPA) Certification Path - Exemption Policy for CPA Preparatory Courses

The following table provides an overview of courses offered by Memorial University that are equivalencies to the CPA preparatory courses required for admission to the Chartered Professional Accountant Professional Education Program (CPA PEP). Admission into CPA PEP also requires the completion of the equivalent of a four-year undergraduate degree (in any discipline).

If students are missing coverage in a specific course, they can take the equivalent through Memorial University, or through the CPA preparatory courses offered by CPA Atlantic. Note there are additional entry requirements, and interested students should contact the CPA Student Recruitment Advisor in Newfoundland and Labrador for a complete list and an official review of their eligibility.

The Chartered Professional Accountant designation was formed from the unification of the former CA, CMA and CGA designations. The Newfoundland and Labrador accounting bodies (CA, CGA and CMA) unified in January 2015, and their former certification programs are closed for admission.

For further information on the CPA certification path, please contact:

NOTE: While every effort is made to ensure the accuracy of these listings, please know they are meant for guideline purposes only and are not meant to replace the necessity of having a comprehensive transcript evaluation. Please Note: CPA Atlantic maintains a list of prerequisite courses for Atlantic institutions only. Exemption for institutions in other provinces can be accessed by your local CPA body. Please be aware of the following:

1. A completed university degree (in any discipline) is required for admission to the CPA Professional Education Program.
2. The minimum grade required in non-core courses is 50 per cent. A minimum grade of 60 per cent is required in core courses.

These tables are to be read from sending to receiving institution *only*. See example in Section 2.1. Transfers are not necessarily two-way.

3. A minimum overall average of 65 per cent is required for the applicable passed courses which cover core courses.
4. Students must have completed the core topics within the past 10 years.
5. Courses other than those listed here may qualify for exemption. Please contact the CPA Atlantic School of Business for further details.
6. Course exemptions for prior years may vary from this schedule. Please contact the CPA Atlantic School of Business for further details.
7. If you lack some or all of the prerequisite topics for admission to the CPA Professional Education Program, you can gain coverage through the university courses listed here or the CPA Professional Education Program. For more information on CPA Professional Education Program, please visit us online at: CPAatlantic.ca

Section 3: Program or Block Transfer

3. Program or Block Transfer

For the most part, credit transfer involving public post-secondary institutions in this province occurs on a course-by-course basis. There are, however, program or block transfer arrangements also available to students (see the following tables). For more information consult the appropriate institutional calendar or Registrar/Student Service Offices.

Section 4: Programs Linked to High School

4.1 Advanced Placement (AP) Program

Advanced Placement (AP) is a program of college level courses and examinations for high school students. Advanced Placement is administered by the College Entrance Examination Board, headquartered in New York City, New York with a Canadian office in Kelowna, British Columbia. Students who successfully complete examinations with a prescribed standing may be, upon admission to a public post-secondary institution, granted credit as outlined in the following table. For more information consult the appropriate institutional calendar or Registrar/Student Service Offices.

4.2 International Baccalaureate (IB) Program

The International Baccalaureate program (IB) is administered by the International Baccalaureate Organization headquartered in Geneva, Switzerland, with regional offices worldwide. IB offers school programs at three levels: diploma - in the final two years of the secondary school (16 - 19 age group); middle years (students aged 11 - 16); and primary years (students aged three - 12). In this province, Holy Heart of Mary High School offers the IB diploma program.

4.3 Adult Basic Education (ABE) Program

In Newfoundland and Labrador, you can achieve high school equivalency by completing the Adult Basic Education (ABE) program. The ABE program consists of three levels: Level I refers to basic literacy and numeracy skills; Level II provides transitional skills similar to public school grades 7-9; and Level III corresponds to grades 10-12 and requires the completion of a minimum of 36 credits in order to graduate. ABE is delivered using provincially-developed curriculum and is a predominantly individualized, classroom-based program. ABE is offered in a variety of formats including full-time, part-time and online (Level I only). The ABE program is delivered by community-based organizations and private institutions. For a complete listing of locations offering the ABE program, go to the Department of Advanced Education, Skills and Labour website at: <http://www.gov.nl.ca/aesl>.

Guidelines to Transfer Credits from the ABE Program to High School

Adults are able to complete a public high school education by transferring no more than six ABE credits back to their high school transcript. To be eligible to transfer credits from the ABE program back to high school, individuals must be a minimum of 19 years of age and require six or fewer credits to graduate from the public high school system.

Additionally, to be considered for a transfer of credits back into the high school system, an individual must have obtained a minimum of five Level III credits in the Newfoundland and Labrador high school system.

Note: Special admissions to the ABE program do not override Section 4.3.

Within the high school program there are regulations which apply to awarding of credit. These regulations would also apply for transferring of credit back to the high school system.

For example:

- 1) Credit will NOT be awarded for a course the student already has the equivalent high school course completed (e.g., a student who already has credit for Consumer Studies 1202 on their transcript, cannot transfer back credit received for IE 3211 Consumer Studies).

- 2) Credit will NOT be awarded for conflicting courses (e.g., a high school student with credit for English 2201 cannot receive credit for English 2202, therefore a student with credit for English 2201 will not be eligible to transfer English 2102A/B/C from the ABE system back to high school).
- 3) Credits that are transferred back into the high school system are given a fifth digit '9' designation (09 3294) which indicates the course is a transfer credit and equivalent to 093204. Transfer credits are not given a numerical grade when transferred back and hence cannot be used to calculate academic/honours graduation status.
- 4) Courses completed through ABE for transfer back will only be applied to a student's high school transcript if it graduates the student.

Regulations such as the above can be found in the High School Certification Handbook at: http://www.ed.gov.nl.ca/edu/k12/high_school_cert.html. To ensure each student is working on a program that will be eligible for transfer back into high school and to secure high school graduation, a request for prior approval should be obtained from the Manager of High School Certification:

Phone: (709) 729-6261

Fax: (709) 729-0611

Email: ralphpercey@gov.nl.ca

Once all courses are complete, they must be entered into the online Adult Basic Education database and the Manager of High School Certification notified. Please include the student's name and date of birth. As courses that currently have equivalencies in the ABE system are delisted from the high school curriculum, a transfer of credit from the ABE system to the high school system will no longer be possible. Listed below are the courses that currently have a transfer equivalency from ABE to the high school system. When these are transferred, a student receives credit for the course but no mark. Below is a course equivalency matrix that is effective as of September, 2009.

Section 5: Explanation of Terms

Explanation of Terms

The following terminologies (highlighted) are followed by an explanation of the term.

Advanced Standing: The amount of exemption from a unit or units of an educational program granted to a student on the basis of previous study, relevant work experience, or life skills.

Apprentice: An individual working full-time in an apprenticeable trade and registered as an apprentice with the Government of Newfoundland and Labrador.

Challenge for Credit: Credit for past experience or documented skills can be earned through completion of a challenge examination or a variety of possible types of evaluation.

Course: Memorial University including Marine Institute defines a course as a unit of work in a particular subject normally extending through one semester (or session), the completion of which normally carries credit toward the fulfilment of the requirements of certain degrees, diplomas or certificates. A prerequisite course is a course which must be successfully completed prior to registration in the course for which it is required. A corequisite course is a course which must be taken concurrently with the course for which it is required. In the event that a student drops a course required as a corequisite, the student will be required to drop the course for which that corequisite is required. In particular cases, a department head may convert a prerequisite to a corequisite or waive it altogether.

College of the North Atlantic defines a course as a recognized body of instruction normally assigned a credit value of three or four with a minimum of two.

Credit: College of the North Atlantic defines a credit as the value assigned to a recognized body of instruction or content consisting of one hour of lecture/week/semester (i.e., a three hour lecture is equivalent to three credits), or a recognized laboratory experience as follows:

- 2 – 4 hours of lab/week/semester equivalent to one credit;
- 5 - 7 hours of lab/week/semester equivalent to two credits;
- 8 - 10 hours of lab/week/semester equivalent to three credits;

- 11 - 14 hours of lab/week/semester equivalent to four credits.

A credit at the Marine Institute is awarded for each course completed in which the student obtains at least the minimum passing grade.

Credit Hour: Memorial University defines a credit hour as the measure used to reflect the relative weight of a given course towards fulfilment of appropriate degree, diploma, certificate, major, minor, or other program requirements. Normally, a course has a credit value of three credit hours. A weight of one credit hour normally means that the course meets for lectures one hour per week for the duration of the semester or two hours per week for the duration of a session. The number of hours of required instruction, outside of lecture time, such as laboratory instruction, tutorials, etc., may or may not impact on the number of credit hours assigned to a particular course, and academic units may recommend to the Senate a greater or lesser whole number of credit hours for a particular course.

Credit Transfer: The granting of credit by an institution (either in the same or different area of study as that of the original institution) to students on the basis of previous study undertaken in another institution.

Exemption: The waiving of completion of a body of instruction or unit of work by a receiving institution for satisfactory standing obtained in a similar body of instruction or unit of work at a sending institution.

Prior Learning Assessment and Recognition: A process whereby previous learning is recognized and credited (the basic premise is that credit is not awarded for experience, but for the learning that has resulted from an experience).

Program: Memorial University defines a program as a series of courses, the completion of which, if other requirements are met, qualifies the candidate for a degree or diploma.

College of the North Atlantic and Marine Institute define: A certificate is a prescribed combination of courses that address occupational skills development, academic or general study, and self-interest or personal growth. These courses will normally be offered over a two semester

period; be comprised of a minimum of 40 credits; and consist of a maximum of seven courses per semester.

A vocational certificate prepares graduates for employment as operating or service technicians in specific trade areas. Programs are normally nine to twelve months in length.

A technical certificate provides training in specific technical areas. Programs may be modular, full or part-time and of variable duration, but not less than one academic term or its equivalent.

A diploma is a prescribed combination of courses that address occupational skills development, academic or general study, and self-interest or personal growth. Courses will normally be offered over a minimum of four semesters; be comprised of a minimum of 80 credits; and consist of a maximum of seven courses per semester.

An advanced diploma provides in-depth training in a specific technical area to graduates of at least a first degree or three-year technology diploma programs. These are normally one academic year in length, except that work terms or job placement requirements may extend programs beyond this time.

A diploma of technology is designed to prepare graduates for employment as technologists. These programs are normally three academic years in length. However, some programs may extend beyond this time as a result of work term or job experience requirements. A technician diploma is designed to prepare graduates for employment as technicians. These programs are normally two years in length.

A post diploma/post degree is a program of study that requires completion of either a diploma or undergraduate degree prior to acceptance into the program.

Receiving Institution: Any post-secondary institution to which students are transferring.

Semester: Memorial University defines a semester as a period of approximately 14 consecutive weeks during which the university is in regular session and during which there are at least twelve teaching weeks as defined by Senate. Normally, the fall semester commences in early September; the winter semester in early January; and the spring semester in early May. College

of the North Atlantic and Marine Institute of Memorial University define a semester as a 15-week period which includes class/learning time as well as administrative and evaluation time.

Sending Institution: Any post-secondary institution from which students are transferring.

Session: Memorial University defines a session as a period of approximately seven consecutive weeks during which the university is in regular session in the spring semester and in which period there are at least six teaching weeks as defined by Senate. The first half of the spring semester is designated as intersession; the second half of the spring semester will be designated as summer session.

College of the North Atlantic and Marine Institute define an intersession as an instructional period of a minimum of five weeks duration.

Transfer of Credit: (Course grade is transferred): College of the North Atlantic - course for course transfer whereby the grade previously attained is recorded and computed in grade-point average by the receiving institution.

Transfer of Credit: (Course grade is not transferred): Memorial University including Marine Institute: course-for-course transfer but grade is not recorded by receiving institution. The waiving of completion of a body of instruction or unit of work by a receiving institution for satisfactory standing obtained in a similar body of instruction or unit of work at a sending institution.

College of the North Atlantic: course for course transfer whereby the grade previously attained is recorded and computed in grade-point average by the receiving institution.

Memorial University including Marine Institute: course-for-course transfer but grade is not recorded by receiving institution.

Waiver: is the permission granted by the appropriate authority for exemption from a particular program requirement and/or a particular regulation.

Applications

Applications from interested persons for entrance to any course or program will be received by College of the North Atlantic at any time during the calendar year. Applications should be submitted to the campus offering the program. The College calendar is available at www.cna.nl.ca.

Admission Requirements

Certificate-level programs:

A provincial high school graduation certificate or equivalent. Please consult with the College calendar for the requirements of individual programs.

Diploma-level programs:

A provincial high school graduation certificate or equivalent including program specific requirements in English, math and/or science. Please consult with the College calendar for the requirements of individual programs.

Mature Students:

Applicants 19 years of age or older who do not meet the educational prerequisite may be considered on an individual basis under the mature student clause.

Entrance Equivalencies

The following high school equivalency certificates will be considered for acceptance into any College program:

1. Basic Training for Skill Development
2. Adult Basic Education Level III certificate
3. General Educational Development Test

Persons holding those certificates will be accepted without further evaluation into vocational certificate programs. Persons holding those certificates and seeking entrance to diploma programs may be required to report for evaluation before acceptance is established, and upon being accepted, those applicants may be required to complete additional courses before entering the diploma program of their choice.

Transfer Policy

A student may apply for credit for courses completed at another post-secondary institution, related work experience, and/or courses completed in other programs at the College. Applicants must submit an application accompanied by official transcripts and, if required, calendar descriptions of the courses claimed for credit/exemption.

Applications should be submitted to the Registrar's/Student Services Office at the campus offering the program.

Prior Learning Assessment in any of its forms may be implemented to ascertain credit earned in the student's program of studies.

Selection of Students

Upon meeting admission requirements selection is based on a first-come, first-served policy for

most programs. Please consult with the College calendar for specific program information.

The Marine Institute of Memorial University of Newfoundland calendar is available at www.mi.mun.ca

Admission Requirements**Degree Programs:**

All candidates for the Bachelor of Maritime Studies or Bachelor of Technology programs must meet the general admission requirements of the university.

Candidates who are graduates of nationally accredited technology diploma programs (Canadian Technology Accreditation Board or Canadian Medical Association) must provide a college/institute transcript and confirmation of graduation.

Candidates wishing to take university courses concurrently with college diploma courses prior to college/institute graduation must also meet the admission requirements of the Marine Institute of Memorial University of Newfoundland.

All applicants must submit to the university's Admissions Office:

- an application for admission to the university;
- an application for admission to the Bachelor of Maritime Studies or Bachelor of Technology (available on-line at www.mi.mun.ca/bms/ or www.mi.mun.ca/btech/);

- transcripts from colleges(s) attended and proof of diploma; and,
- an application fee

Non-degree Programs:

The admission requirements are listed separately for four categories of programs:

Advanced Diploma Programs:

Candidates for advanced diploma programs must have attained a three-year diploma from a recognized college or institute or a degree from a recognized university or polytechnical institute. The candidate's work experience may also be considered. Candidates may be required to attend an interview.

Mature students will be assessed on an individual basis.

Diploma of Technology and Technician Diploma Programs:

Candidates seeking admission must show documentary proof of one of the following:

1. Applicants shall have completed graduation requirements for high school as set down by the Department of Education and obtained credits in each of the following, with a minimum combined average of 60 per cent in Level III mathematics, English, and science:

Mathematics: four math credits, two of which must be either Math 2204 or Math 2205, and two credits from either 3204* or 3205.

* a minimum of 60 per cent must be achieved in this subject.

3. A certificate of attainment in one of the following:

- i) Basic Training for Skill Development - technical option;
- ii) Adult Basic Education Level III certificate (specific courses may be required).

These are minimum requirements. Students who exceed these requirements will be better prepared to succeed at the Marine Institute. All admissions are subject to the approval of the admissions committee.

Vocational Certificate Programs:

Applicants must submit proof of senior high school graduation or a certificate of attainment in one of the following:

- i) Basic Training for Skill Development or,
- ii) Adult Basic Education (Level III).

Continuing Education Programs:

The Marine Institute offers a wide variety of programs designed to meet the needs of industry. Admission requirements for programs in this category vary greatly and all applicants should refer to the Marine Institute calendar for further explanation.

Mature Students

Applications will be considered from mature individuals (i.e., persons 21 years of age within one month of the start of the program) who have gained technical or practical expertise, or a combination of both, in the intended field of study. Applications should be submitted with a résumé listing all associated experience, together with letters of recommendation from employers or other individuals who can substantiate the applicant's qualifications. Applicants must submit official academic transcripts and a birth certificate or other proof of age. Applications from mature students who do not meet the Marine Institute of Memorial University of Newfoundland's minimum entrance requirements for the program applied for will be evaluated on an individual basis to determine that the applicant holds appropriate qualifications to succeed in the program and courses in question. Applications will be evaluated by the admissions committee on an individual basis.

Transfer Policy

Students may be awarded credit for courses completed at other institutions. Credit applications must be submitted to the registrar along with a certified copy of the student's transcript

containing the grades for related courses. Students may also be required to submit course descriptions.

Challenge Examination

A challenge examination may be written by a student who wishes to seek credit in a course by a procedure other than normal class instruction. To be eligible to write a challenge examination the student must have obtained previous education or work experience which they can demonstrate, to the satisfaction of the school, has given him/her knowledge required to achieve a passing grade in a particular course. Students will be required to show documented proof of having received the experience. The school shall evaluate each student's application and determine which courses may be challenged, subject to certain regulations.

Residency Requirements

In order to receive a Marine Institute diploma or certificate, students must have obtained a minimum of 50 per cent of the credits for their program at the Marine Institute of Memorial University of Newfoundland.

**Admission/Re-admission Information**

The deadlines for the submission of applications for general admission are:

Mar. 1 (for the fall semester)

Oct. 1 (for the winter semester)

Feb. 1 (for the spring semester, intersession and summers sessions)

Note: Other deadlines may apply for some faculty or school programs. Please consult the appropriate faculty or school regulations in the current University Calendar for further details.

Applications received later or post-marked later than the stated deadline dates will be processed as time and resources permit. Applicants may apply for admission or browse for information regarding their program of interest at www.mun.ca.

Each application must be accompanied by the appropriate application processing fee. This fee is neither refundable nor will it be credited to the applicant's financial account under any circumstances. Information regarding this and other fees and charges is specified under the fees and charges section in the University Calendar.

Applicants who have previously attended Memorial University of Newfoundland and have not registered for courses for the past three consecutive semesters (fall, winter, spring) are required to submit a new application for admission/re-admission, together with the appropriate application processing fee. Applicants seeking admission to a particular faculty or school may be required to submit supplemental documents and should refer to appropriate faculty or school regulations in the University Calendar for procedures, deadlines, admission requirements and further information.

The admission criteria for each applicant category is specified under categories of applicants, admission criteria, and required documentation in the University Calendar.

Admission to some courses, programs and/or the university may be limited by the university when it deems the facilities and resources available are not adequate to provide for additional students. Consequently, possession of the minimum requirements does not guarantee that an applicant will be granted admission to a course, a program and/or the university. The university may set its own matriculation examinations either in separate subjects or in all those required for matriculations, and may refuse admission to any applicant failing to attain a satisfactory standard in these examinations. The university reserves the right to refuse admission to any applicant.

Applicants may be required to provide medical evidence of their fitness to pursue university studies.

English Language Proficiency Requirements

Because English is the primary language of instruction at this university, all applicants seeking admission to Memorial University of Newfoundland must possess an adequate knowledge of written and spoken English as a prerequisite to admission. Regardless of country or origin or of citizenship status, applicants will be required to provide proof of proficiency in the English language. For more information, please consult the University Calendar.

Categories of Applicants, Admission Criteria, and Other Information

The categories of applicants applying for admission/re-admission as well as the admission criteria and other related information are provided in the University Calendar available at www.mun.ca. Before an admissions decision can be reached all required documents must be received. All documents must be official and be forwarded directly to the Admissions Office, Office of the Registrar, from the appropriate institution(s) or source(s). Photocopied documents are not acceptable unless duly certified.

English Language and Mathematics Placement Tests

In addition to the following, more detailed information regarding the English language and

mathematics placement tests is available from the Department of English Language and Literature and the Department of Mathematics and Statistics respectively.

English Language Placement Test

With the exception of applicants who demonstrate English language proficiency under the regulations, “English language proficiency requirements (English language secondary institution and English language post-secondary institution)”, all other applicants will be required to write a placement test in English language. This test must be taken prior to the commencement of classes to determine the appropriate English course for which an applicant should register. For further information concerning English language proficiency requirements refer to English language proficiency requirements in the University Calendar.

A student whose performance in the placement test in English language indicates that appropriate placement is in English 102F will be required to register and successfully complete English 102F before registering in higher level courses in English.

Mathematics Placement Test

Applicants intending to register for the first time in any 1000 level mathematics course must submit a score for either an advanced placement calculus examination or other standardized tests acceptable to the Department of Mathematics and Statistics.

Students whose score in the advanced placement calculus examination or other standardized test is not acceptable to the Department of Mathematics and Statistics will be required to register in a mathematics course determined by the Department of Mathematics and Statistics.

Transfer Credit

Applicants wishing to be considered for advanced standing or transfer credit must submit, in addition to the application for admission/re-admission, an application for transfer credit evaluation which can be obtained from the Office of the Registrar.

Official transcript(s) and calendar descriptions and/or outlines of courses claimed for credit are also required and should be sent directly to Memorial from the institution attended.

To allow sufficient time for evaluation, these documents should be received at least two months prior to the commencement of the semester to which the applicant is seeking admission. It is the student's responsibility to provide the pertinent documents, and until they are received, the Office of the Registrar is unable to commence an evaluation or to advise students of their standing at this university.

When transfer credit is awarded for work completed at another institution, only equivalent Memorial University course(s) and credit(s) are recorded on the Memorial University of Newfoundland transcript. Grades received from other institutions are not recorded nor included in averages.

Applicants who have not received the results of a transfer credit evaluation prior to the assigned registration time for the semester in which they propose to begin studies should contact the Admissions Office for further assistance.

Advanced Placement

Memorial University of Newfoundland may recognize for transfer credit certain courses completed through the advanced placement program offered by the College board. Award of credit for advanced placement courses will be subject to the achievement of a minimum grade of three in each subject claimed for credit (in certain subjects a minimum grade of four may be required).

Award of credit for advanced placement courses will be subject to evaluation and recommendation by the appropriate university academic unit and university regulations.

The applicability of all transfer credits, whether specified or unspecified, is subject to appropriate program regulations.

Information regarding course equivalencies can be obtained from the Admissions Office, Office of the Registrar.

Advanced or Higher Levels

The advanced level subjects of the General Certificate of Education will generally be accepted

for credit to a maximum of 12 credit hours in each subject provided that a minimum grade of D in each subject claimed for credit has been obtained.

The higher level subjects of the Scottish Leaving Certificate will generally be accepted for credit at the first-year level.

Award of credit will be subject to evaluation and recommendation by the appropriate academic unit(s) and university regulations. The applicability of all transfer credits, whether specified or unspecified, is subject to appropriate program regulations. Information regarding course equivalencies can be obtained from the Admissions Office, Office of the Registrar.

International Baccalaureate Diploma

Memorial will consider for transfer credit the higher level subjects and certain standard or subsidiary level subjects, provided that the subjects claimed for credit are recommended as equivalent to Memorial's courses by the relevant university academic unit(s), and the candidate has achieved a minimum grade of four in individual subjects claimed for credit. In certain subjects a minimum grade of five may be required.

The applicability of all transfer credits, whether specified or unspecified, is subject to appropriate program regulations. Information regarding course equivalencies can be obtained from the Admissions Office, Office of the Registrar.

Member Institutions of Universities Canada

All university-level course work completed by transfer students during the first two years of university study taken at universities/colleges that are ordinary members of Universities Canada will be recognized for transfer credit. In the first instance, the evaluation of such course work for appropriate credit will be conducted by university academic units. In instances where appropriate credit cannot be granted by academic units or where no university academic unit exists at this university for the evaluation of particular transfer credits, the Office of the Registrar will award the appropriate unspecified credits in an unspecified discipline.

Applicants who have completed course work beyond the first two years of university study may

be considered for further transfer credit subject to evaluation and recommendation by the appropriate academic unit(s) and university regulations.

The applicability of all transfer credits, whether specified, unspecified or in an unspecified discipline, is subject to appropriate program regulations.

Information regarding course equivalencies can be obtained from the Admissions Office, Office of the Registrar.

Other Universities, Colleges and Institutes

Memorial may recognize for transfer credit certain courses offered by College of the North Atlantic, the Marine Institute of Memorial University of Newfoundland, and certain other community colleges, technical colleges, institutes and CEGEPs.

Award of credit will be subject to evaluation and recommendation by the appropriate academic unit(s) and university regulations.

The applicability of all transfer credits, whether specified or unspecified, is subject to appropriate program regulations.

Information regarding course equivalencies can be obtained from the Admissions Office, Office of the Registrar. See contact information below.

Prior Learning Assessment and Recognition (PLAR)

Memorial University of Newfoundland recognizes that learning may occur outside a formal institutional setting through professional or personal experience or through participation in unaccredited learning. Students of Memorial University of Newfoundland may be eligible for the award of credit for information or non-formal learning in specific circumstances. Where PLAR is offered, it is available only to those students who have applied for admission or who are currently registered at the University. PLAR at Memorial University of Newfoundland is subject to the following regulations and procedures:

1. The recognition of informal learning, assessed on the basis of recognized professional achievement, may exist in the form of program admission, advanced placement, or

academic credit in selected programs. Students are advised to consult the regulations governing programs of interest in the appropriate section of the University Calendar for further information.

2. The recognition of learning that has not been recognized through the award of credit, for the purposes of determining pre-requisite waiver eligibility, may be approved by academic units on the basis of interviews or a review of unofficial documents. Students are advised to contact the academic unit offering the course(s) involved for further advice.
3. Assessment of learning in the form of written or practical challenge examinations may be offered at the discretion of academic units. Recognition of learning assessed through challenge examinations is subject to the regulations outlined below.
4. PLAR may be used to receive credit for Work Terms or Internships at the discretion of the individual faculty or school.

Challenge for Credit

Where challenge for credit is offered, it is available under the following conditions:

1. Applications to challenge for credit are available online at www.mun.ca/regoff/forms.php or in-person at the Office of the Registrar. Completed applications must be submitted to the Office of the Registrar and must receive approval from the head of the academic unit offering the course(s). The academic unit may require documentary material from the student and/or an interview before making its decision whether or not to accept the challenge. The academic unit involved will be responsible for deciding the scheduling and appropriate method of evaluation, which may consist of a variety of possible modes of evaluation including written, practical and oral.
2. A student who has applied for transfer credit evaluation may not apply to challenge for credit until the transfer credit evaluation has been completed.
3. Memorial University of Newfoundland will consider for credit courses that have been

granted credit through challenge for credit process by another recognized university or college. Award of credit will be subject to University Regulations and evaluation and recommendation by the appropriate academic unit(s).

4. For the purpose of satisfying the regulations governing residence requirements for a first degree and residence requirements for a second degree under General Academic Regulations (Undergraduate), a successful challenge for credit shall be considered the equivalent of a transfer credit and shall be recorded on the transcript as a pass (PAS). Challenge grades are not included in averages. For further information refer to Residence Requirements for a First Degree and Residence Requirements for a Second Degree.
5. The appropriate fee must be paid at the time of application. For further information refer to Fees and Charges. If the application is accepted for consideration, the fee is not refundable nor is the student permitted to withdraw the challenge.
