**Sustainable Canadian Agricultural Partnership
2023-24 Payments in Newfoundland and Labrador**

The Sustainable Canadian Agricultural Partnership (Sustainable CAP) is a \$3.5-billion, 5-year agreement (2023 to 2028) between the federal, provincial and territorial governments to strengthen the competitiveness, innovation, and resiliency of Canada's agriculture, agri-food and agri-based products sector. The agreement includes \$1 billion in federal programs and activities and \$2.5 billion in cost-shared programs and activities funded by federal, provincial and territorial governments. Funding is provided for five key priority areas: Climate Change and Environment; Science, Research, and Innovation; Market Development and Trade; Building Sector Capacity, Growth and Competitiveness; and Resiliency and Public Trust. From 2023 to 2024, Newfoundland and Labrador, Sustainable CAP supported projects to advance economic growth, innovation, climate change and environmental sustainability, secondary processing and food self-sufficiency.
