PROGRAM PREFERENCES

Please select the following enrichment programs in rank of priority for you to attend, using 1 for the top preference and 3 for the least preferred:

1

2

ESSAY

Please describe your preparedness for the enrichment program and potential interest in Research and Development. What in your background has prepared you to attend an enrichment program?

The following considerations are relevant:

- Previously completed enrichment programs
- Relevant work/volunteer experience
- Science Fair Participation
- Other relevant Science, Technology, Engineering and Mathematics activities

Also, comment on your future study, career and research interests, and how those interests are relevant to Newfoundland and Labrador.

What are your plans for after high school and beyond?
(Maximum 500 word response)

CONFIDENTIALITY & DECLARATION

Information is being collected under the authority of section 61(c) of the Access to Information and Protection of Privacy Act, 2015. We will only use the personal information collected by or provided to the Department for purposes directly related to the application and for statistical analysis and reporting under the Research Inspired Student Enrichment Award Program. Information you provide us in confidence, both personal and business-related, will be kept confidential unless

- you approve its release, or
- we are required or authorized by laws such as the Access to Information and Protection of Privacy (ATIPP) Act 2015 to release it

If you have questions regarding privacy and confidentiality, contact the Access and Privacy Coordinator, Department of Industry, Energy and Technology, at (709) 729-7751, atipp-iet@gov.nl.ca.

By submitting this application and associated documents, the applicant confirms that the information supplied is accurate and complete, and authorizes IET, if necessary, to contact those named in the application for future clarification. Submission also confirms that the applicant's parent/guardian permits the applicant to receive this award and attend the supported enrichment programs. The parent/guardian confirms that IET is in no way responsible for the applicant during the supported enrichment program, including any travel or activities associated with the program.

All approved RISE Awards are subject to results monitoring. Proponents must complete surveys to gather project information relevant to the strategic direction of IET and the program objectives of RISE Awards.

CONTACT INFORMATION
