

## 6.0 Refusal to Process Job Vacancy Assessment Application

---

The Department of Immigration, Population Growth & Skills (IPGS) cannot process Job Vacancy Assessment applications from employers who have been found to be non-compliant to federal immigration laws and regulations, and are on the [Immigration, Refugee and Citizenship Canada non-compliance list](#). This list includes employers who:

- have been found non-compliant as result of an employer compliance review;
- have been banned from the Temporary International Worker Program because non-compliance was discovered during an inspection; and/or
- are in default of payment of an administrative monetary penalty.

The list can be found on the [Immigration, Refugees and Citizenship Canada webpage](#).
