

DOC/2018/03577

INFORMATION CIRCULAR

- To:** All Municipalities, Local Service Districts, Engineering Consultants, and Inuit Community Governments
- Re:** Extension to the Federal Clean Water and Wastewater Fund (CWWF) and Public Transit Infrastructure Fund (PTIF) Programs
- Date:** July 20, 2018
-

Please be advised that the Federal Government has provided an extension to all projects under the CWWF and PTIF programs. Under the terms and conditions this extension, **all projects must be completed before March 31, 2020.**

In an effort to ensure timely administration of CWWF and PTIF program funding, communities and their consultants are encouraged to submit any outstanding invoices they may have for any ongoing CWWF or PTIF projects at the earliest possible opportunity. **All claims and related invoices for CWWF and PTIF projects should be submitted to the Department no later than April 10, 2020.**

In addition to this program extension, the Federal Government has also indicated that it will continue to consider scope amendments to CWWF and PTIF projects. However, these **amendments will only be considered for projects that have completed their originally-approved scope, and have surplus funding within their approved project budget.**

Please contact the appropriate Regional Engineer below with any questions regarding this extension or any requests to amend a CWWF or PTIF project:
