Re: MSIS Updates – Training for External Users

Date: February 22, 2022

Please be advised the Updates to the Municipal Support Information System (MSIS) are still ongoing. For the benefit of external users (consultants and ultimate recipients), a training document outlining these updates was prepared and placed on the Municipal Infrastructure website <https://www.gov.nl.ca/ti/mi/msis/>.

This document has been recently updated to include information from the latest updates that affect external users. Please take some time to review the latest changes.
