

GOVERNMENT OF  
NEWFOUNDLAND AND LABRADOR

Department of  
Municipal and Provincial Affairs

FILE: \_\_\_\_\_

**CIRCULAR**

**To: All Consultants**

**Re: Master Specifications**

**Date: June 30, 2000**

- 
1. Consultants are advised where total survey stations are required for the purpose of providing as-built data that a manufacturer or brand name should not be specified.

Cash allowances should be used to cover the cost of provision of total survey stations.

2. On water and sewer projects the contractor is not to be charged for engineering inspection on water main and sewer main testing.
