

CIRCULAR

To: All Municipalities, Local Service Districts & Engineering Consultants

Re: Proposed 2010/2011 Municipal Capital Works Program

Date: September 18, 2009

Further to the Department's Circular of September 4, 2009, it has been brought to our attention that Municipalities, Local Service Districts and Engineering Consultants are experiencing difficulties in accessing the Building Canada Fund – Communities Component (BCF-CC) website for inputting applications for funding under the 2010/2011 Municipal Capital Works Program. Applicants are to access the BCF-CC application at <https://bcfcc-fccvc.infrastructure.gc.ca>

Municipalities and Local Service Districts are hereby advised to utilize the USER ID issued previously for the Municipal Rural Infrastructure Fund. The default password to be used is MCW 12345. Upon logging into the BCF-CC application, applicants will be prompted to reset their password.

Municipalities and Local Service Districts will no longer have access to the application system for the Municipal Rural Infrastructure Fund.

Any questions regarding the above process can be directed to the appropriate Regional Office or:
