INFORMATION CIRCULAR

**To: All Municipalities, Local Service Districts, Engineering Consultants,
Regional Service Boards and Inuit Community Governments**

Re: Revised Master Specification – Municipal Affairs

Date: November 2, 2016

Please be advised that:

1. The *Master Specifications for Water Sewer and Roads* published by the Department has been revised. The **2016 Revision** has been uploaded to the Department's website. http://www.ma.gov.nl.ca/capital_works/specifications.html

The previous version will reside on the website under the heading **Municipal Water, Sewer and Road Construction Specifications-Previous Versions**.

Those projects that have **not yet been tendered**, the November 1, 2016, version of the master spec should be used. The previous version of the master spec will still be enforced for projects already tendered.

2. The Department has revised the *Supplementary General Conditions (SGC)*, and there is only one set of SGCs which are to be used for both stipulated price and unit price contracts. http://www.ma.gov.nl.ca/capital_works/front_end_docs.html
3. The Department has updated the *Instruction to Bidders* to add the clauses that were previously included in the *Supplementary General Conditions*.
