

CIRCULAR

To: All Municipalities and Local Service Districts, Inuit Community Governments, Consultants, Professional Municipal Administrators of NL, Municipalities Newfoundland and Labrador, Heavy Civil Association NL, and Newfoundland and Labrador Construction Association

Re: Seasonal Asphalt Reminder 2024

Date: November 13, 2024

This Circular serves as a reminder to Municipal Infrastructure's (MI) funding recipients and their consultants that paving projects are to conform to the requirements of MI's Municipal Water, Sewer and Roads Master Construction Specifications, and Highway Design and Construction Division's (HDC) Highway Specifications Book.

Specifically, concerned parties are to ensure that environmental conditions and ambient temperatures are within the established ranges for placement of pavement, as outlined in MI's and HDC's specifications. Additionally, please obtain permission from Regional Engineer and the Owner to pave outside of dates held in the contract specifications. Contracts using the 2024 Master Specifications should note the additional warranty requirement.

If you have any questions related to this, feel free to reach out to your Regional Office.
