Re: Use of Municipal Water, Sewer and Roads Master Construction Specifications

Date: March 13, 2018

Please be advised that the Department of Municipal Affairs and Environment will continue to enforce strict adherence to the **Municipal Water, Sewer and Roads Master Construction Specifications**. It should be noted that General Condition 2.3 has the order of precedence in the event of conflicts between Contract Documents. The Master Specification governs over notes included on drawings and if a note is to take precedence it would have to be included as a Supplementary General Condition

The specification is currently available online at:

http://www.mae.gov.nl.ca/capital_works/master_specifications.html

All municipalities are encouraged to remind their Consultant to follow these specifications unless preapproval has been given to follow another specification manual. If any Municipality and their Consultant would like to temporarily deviate from the specifications for a valid reason, their Municipal Affairs Regional Engineer **MUST** be informed in advance and approve of same to prevent any project delay or payment processing.

Municipalities requiring clarification are encouraged to contact their Regional Engineer:

Mr. Inayat Rehman, P. Eng.
Eastern Regional Office
(709)729-5337
InayatRehman@gov.nl.ca

Mr. Wilf Maloney, P. Eng.
Central Regional Office
(709)256-1055
WilfMaloney@gov.nl.ca

Mr. Chris Power, P. Eng.
Western & Labrador Offices
(709) 637-2491
ChrisPower@gov.nl.ca

Sincerely,

HEATHER TIZZARD
Assistant Deputy Minister
Municipal Infrastructure and Support
